Rhonda (Chick)

Rhonda,
Everytime I see a horror
movie, or hear about a bloody murder,
I'll think of you and your way out
style of writting. Just think one day you
may be working with Alfred Hitchcock!
I can just see you starring in Pom-Pom Frenzy!
Stay the sweet, stylish, smart, girl you are
and you'll wipe the rest of us off the map!

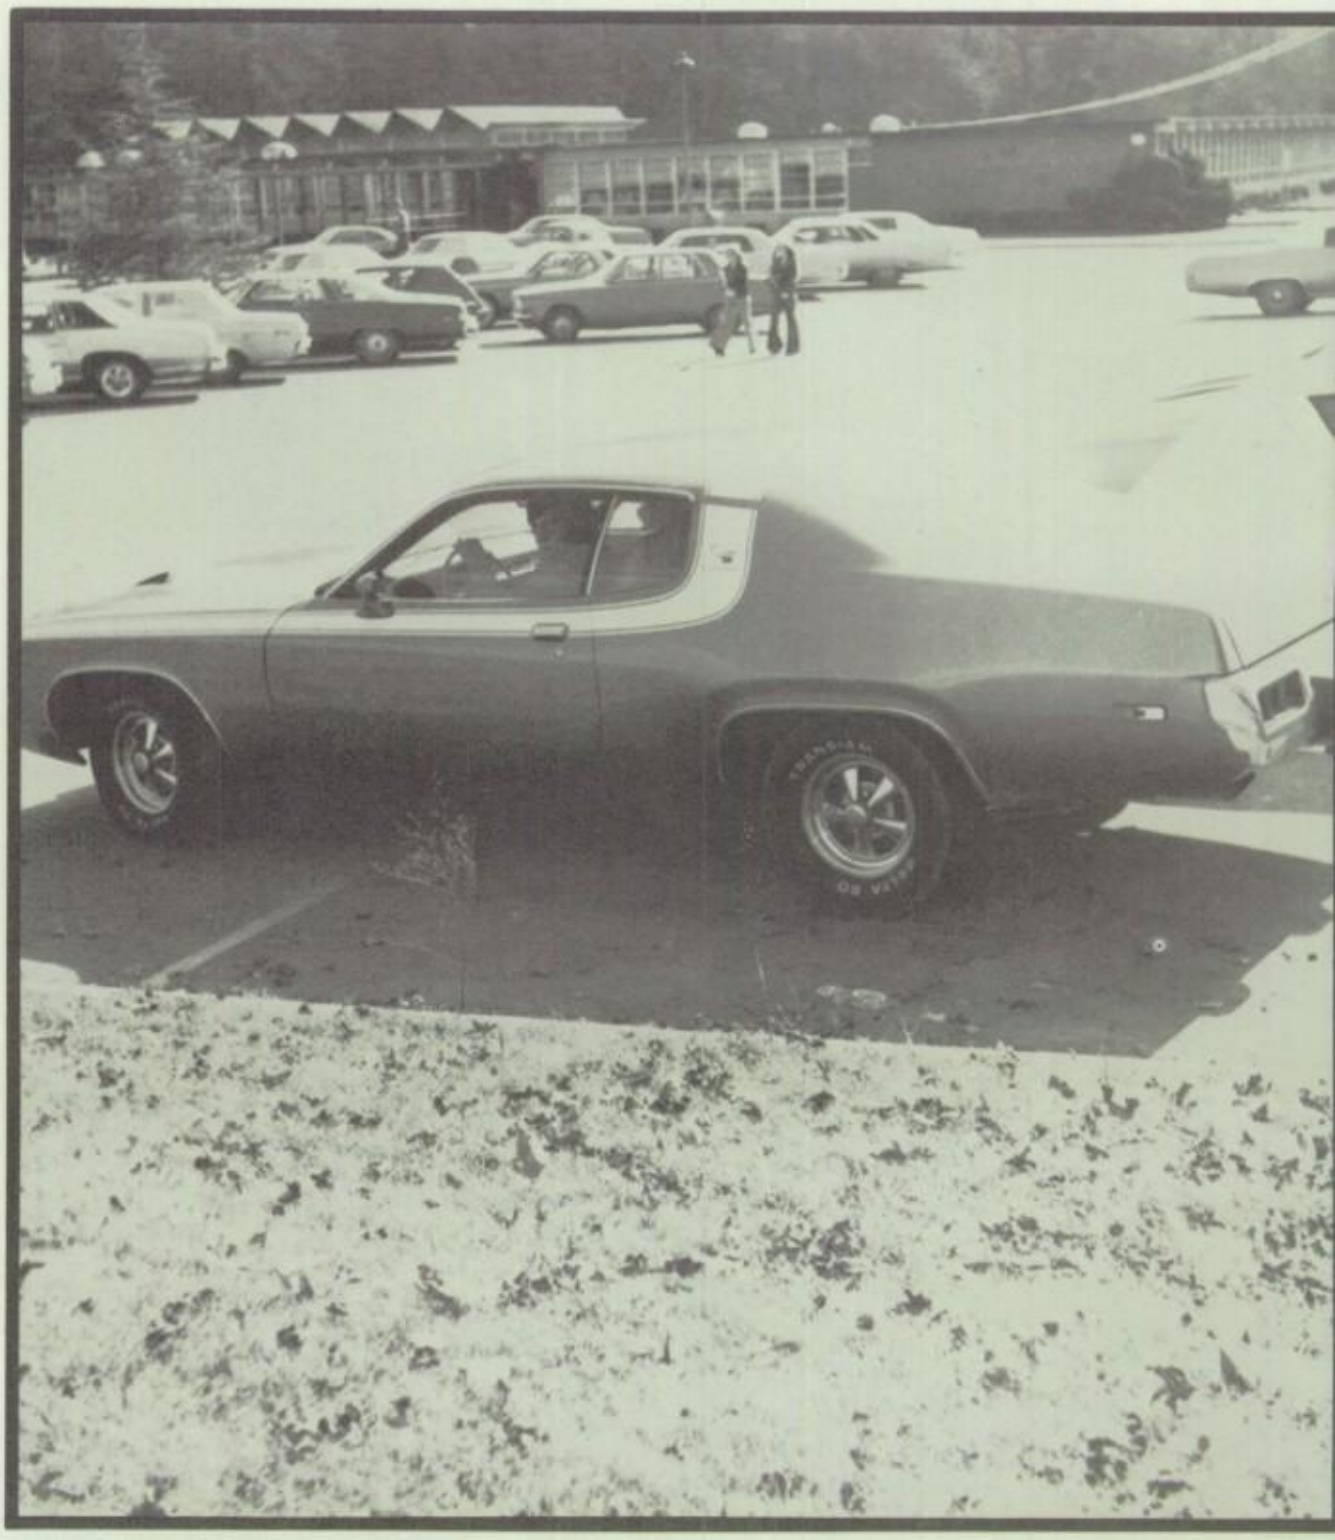
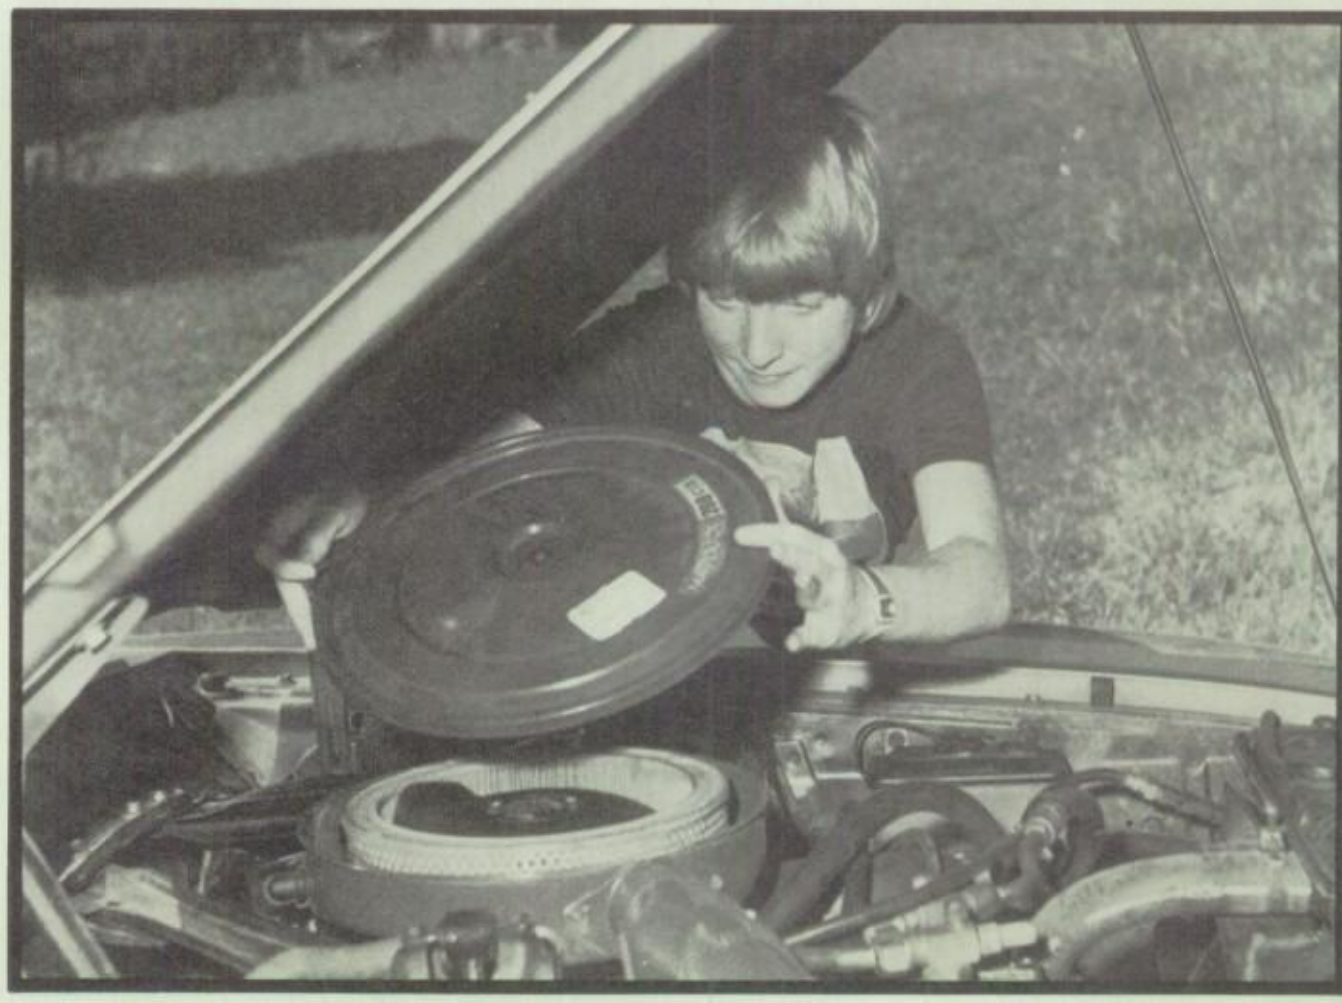
A bell tolls.

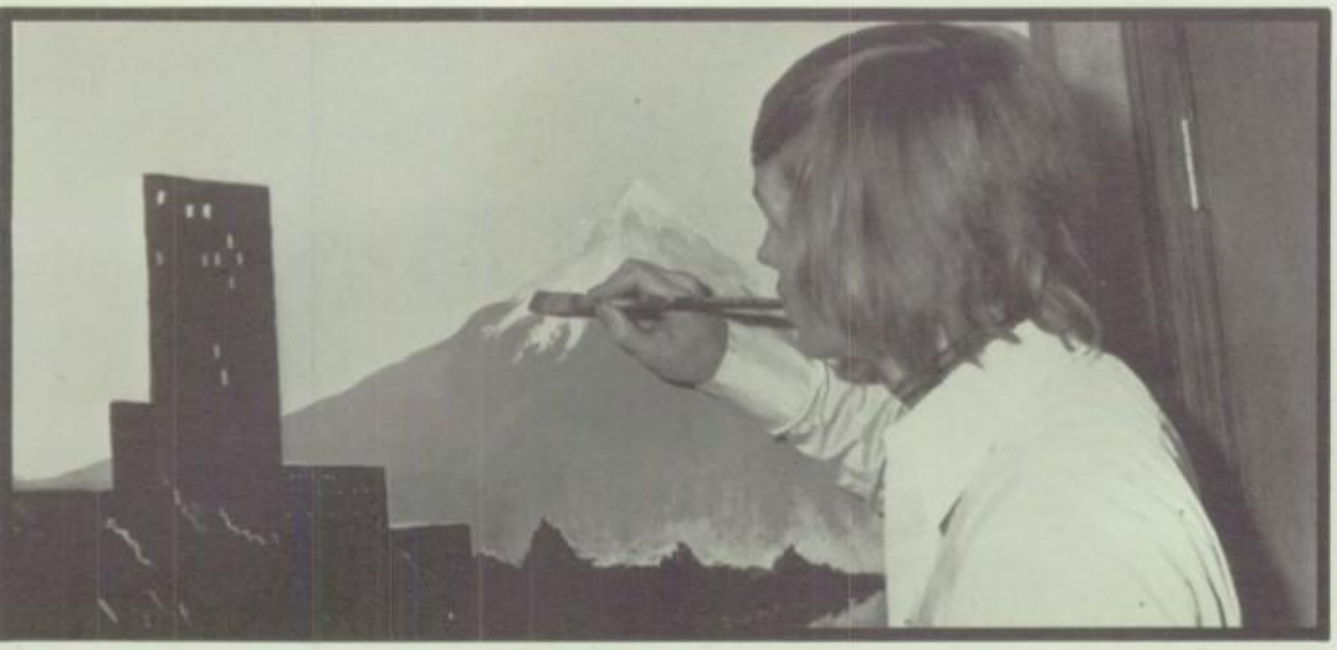
Freedom rings
As a jubilant infantry
Marches home to feel
the soil.

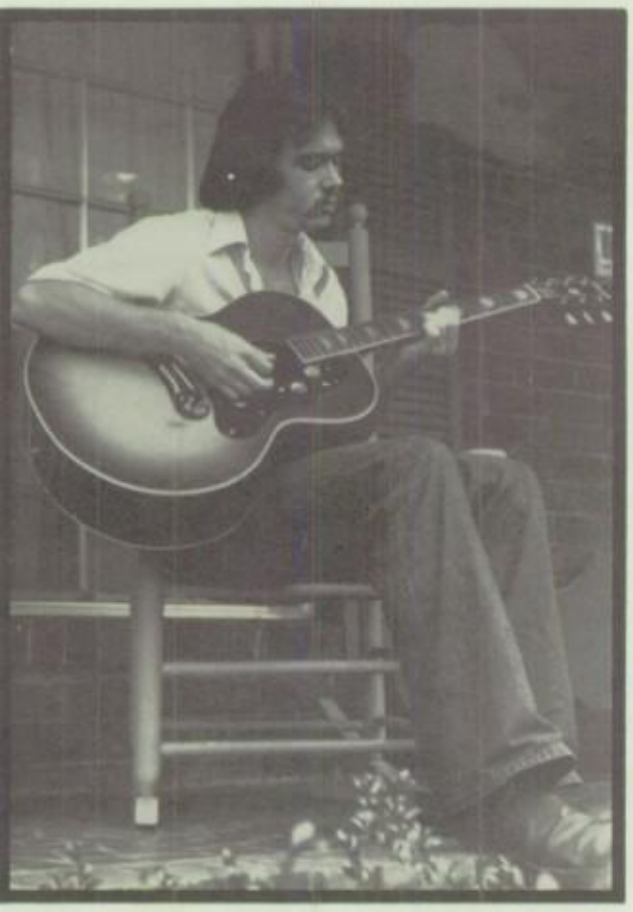
The gun is shelved.

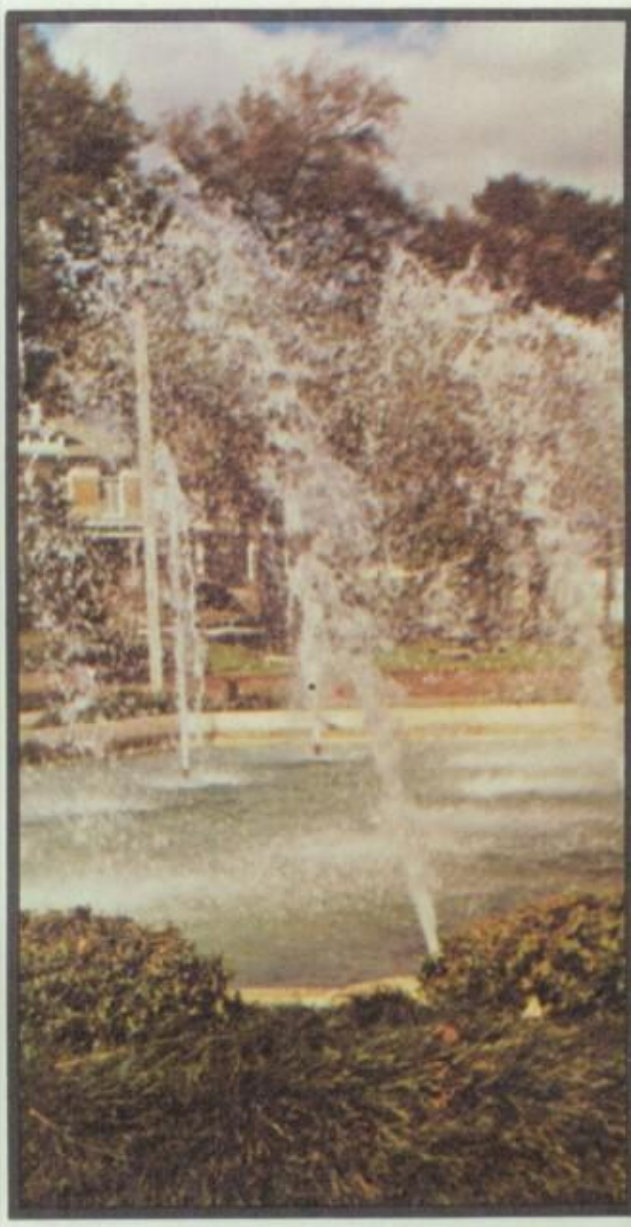
The powder stored
As men give heed
To the spirit born of
their toil.







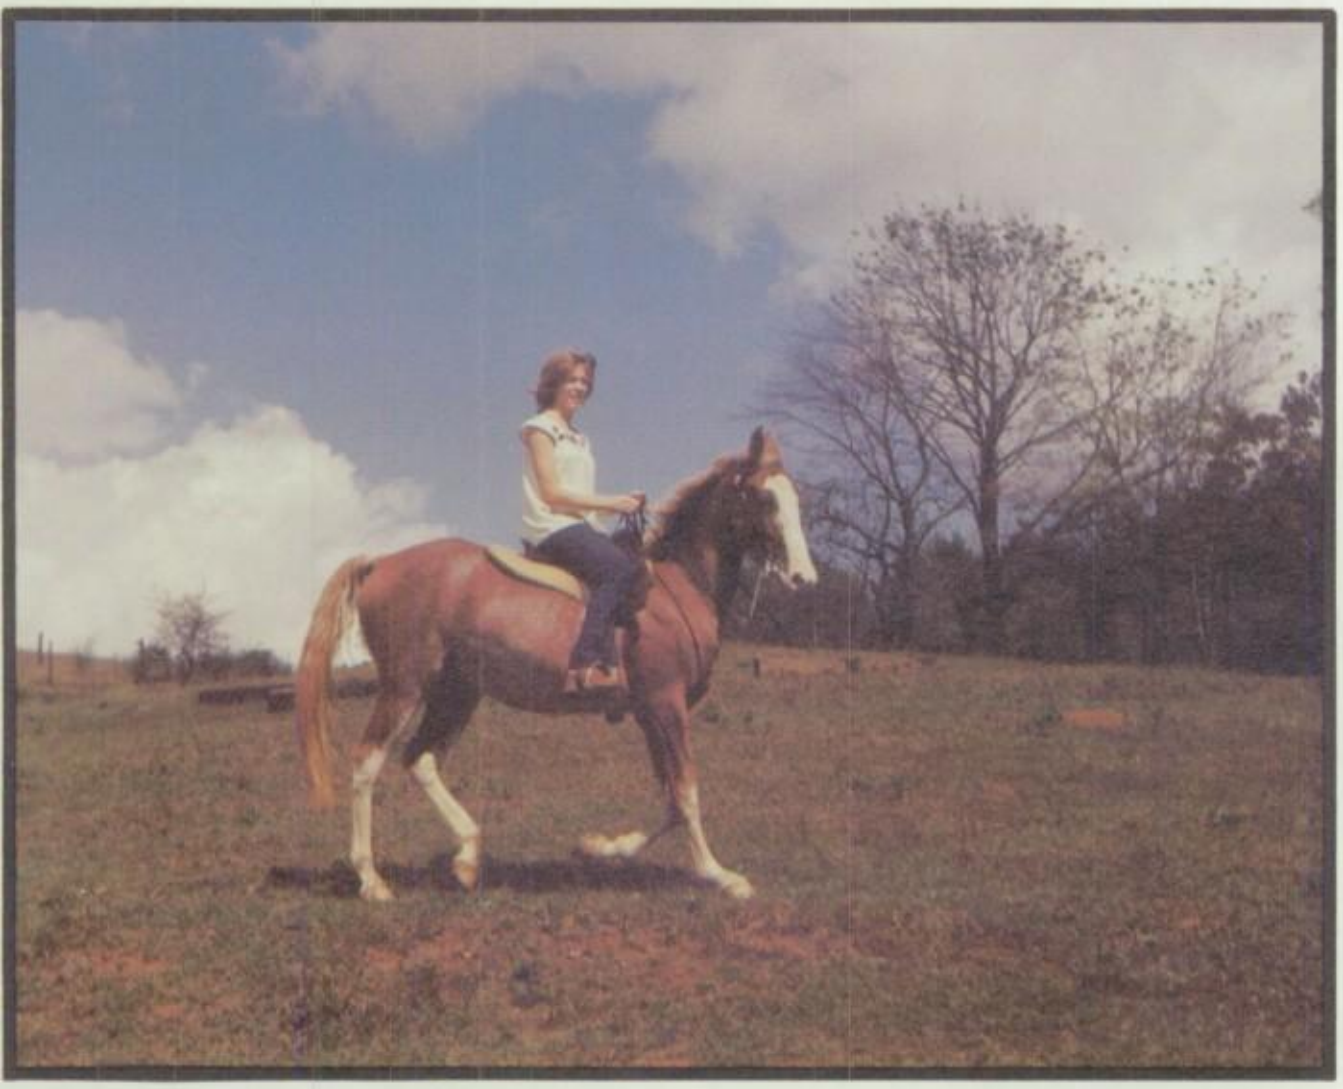




EXIT

A leaf falls.

A bird sings
Its commemoration
To those whose blood,
for freedom, did boil.



We meet together.

Our touching hearts
Owe homage to those,
The ones who stood
for truth and pride.

It's not just "Puppy Love"!

A place to do as we want

A place where we worship

A place for the people

A place for the young,

Where we can learn to

Where we can make this

We have survived 200 years, through many crises and wars.

We've come through it all, maintaining our freedoms and unity.

We are a nation of nationalities united under one flag.

Three and a half million red, white, and blue square miles that stand victorious over hardships and bad times.

United together, hand in hand we fight for what men hold dear.

We won't give up till the battle's won.

All the honor and dignity we have now, has been hard earned.

The people of the United States have much to be thankful for. We made this our nation. To have, to hold, to keep and whatever it becomes it's because of us. George Washington only had the Delaware to cross. We have tomorrow to reach. Let's work together for the nation's sake, for our sake and the eagles'. For like the eagle we stand tall and let the memories of the past show us, the best indication as to where we're going.

A never ending reminder that we are free - and that this country has endured in the past and will endure in the future. It will stir up patriotism, and make every person who is willing to absorb the spirit, aware that we as Americans are truly the luckiest people on the face of the Earth.

It's a time for the young Americans to find good things about this country.

We'll not only gain new insights into our heritage, but also into our potential and responsibilities.

"Memories, like the corners
of our minds,
Misty water colored memories
of the way we were.

"Scattered pictures, of the
smiles we left behind,
Smiles we gave to one another
of the way we were.

Can it be that it was all
so simple then, or has
Time rewritten every line?

If we had the chance to do
it all again, tell me,
Would we, could we?

Memories, may be beautiful
and yet what's too painful
to remember, we simply
choose to forget.

So it's the laughter
We will remember,
whenever we remember,
The way we were."

Copied.

Walking in the Right Direction

Stepping toward our goals,
Reaching for the stars,
Learning from our mistakes,
Letting our hearts lead us

All these become a part of

Rhonda,
It's hard for me to believe that I didn't even know you last year! I'm glad that's changed! I'm so glad we're finally gotten to know each other. Walking with ya to Chemistry and being late every day was a lot of fun too. What a way to start each day.
Seriously Rhonda, I love you to death and I really appreciate your friendship. I will always mean a lot to me. You a great cheerleader with a lot of spirit! Good luck and congratulations for being "HEAD." We'll all be expecting a lot out of you, but I know YOU can handle whatever it takes. The Generals have
surrendered
For their time is
done;
The Regiments have
disbanded,
Their purpose
accomplished;
The Medals have been

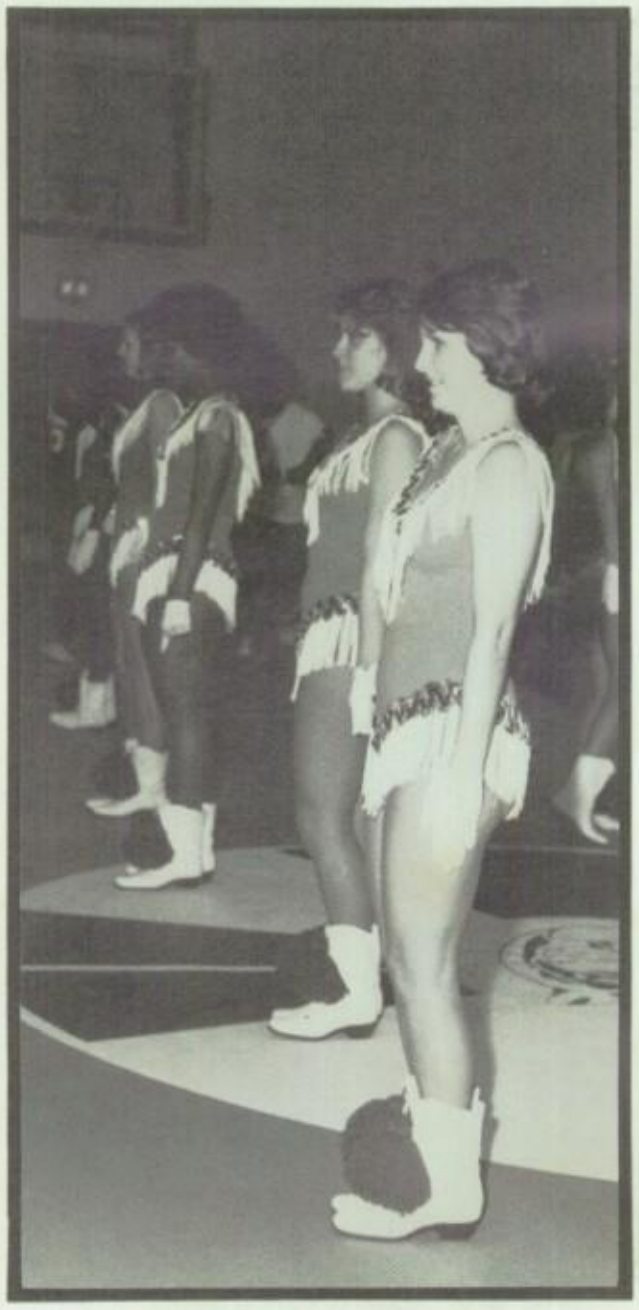
To heroes of our
time;

The Ranks have closed,
They must march on;
The Battle is over,
The end draws near;
The Criers have told us,
Our Future is here.



Rhonda,

It's really been a fantastic year, and I'm really glad that we've gotten to become great friends. I just hope that we will continue to be as good of friends in the future years as this year. Cheerleading just wouldn't have been the same without you there. Maybe when we get down to Auburn we can get an apartment off campus and it will be great. Then we'll get some things everything next year. Have fun cheerleading next year and going HEAD cheerleader. See the future big year and keep the new cheerleaders under control.

Love Always,

Debbie
